LOCAL NEWS.

City School Expenditures.

In compliance with the new law Mr. R. Hoffmann, treasurer of the City of Brenham, has made out and sent to the county commissioners' court of Washington county a statement showing the amount of funds received and disbursed by the city on account of the public schools during the past fiscal year. The report shows the following: Receipts—Amount brought forward from the year before, \$113.09; amount received from the state apportionment, \$6018; amount received from the country school (available) funds, \$1937.31; amount derived from local school taxes, \$6,134.47; rent of school land, \$225.75; borrowed from Heber Stone, \$1000. The disbursements were as follows: Cash paid to teachers during the year, \$11,040; cash paid for supervision of the schools, \$439; cash paid for rent of school house, \$150; repair of school houses, \$382.55; for furniture for use of the schools, \$99.20; for all other purposes, \$2937.12; total amount expended \$15,047.88; balance on hand, \$380.74.

To Represent Washington County.

County Judge Kirk is in receipt of a communication from the managers of the Dallas fair and state exposition announcing that ex-President Grover Cleveland and wife would visit the Dallas fair the coming fall; that it was the intention to have two young ladies from each county in the state to form a committee of reception and to act as maids of honor to Mrs. Francis Folsom Cleveland, and asking Judge Kirk to designate two young ladies to represent Washington county on the committee of reception. Judge Kirk designated Miss Sue Attie Clay, the daughter of Capt. Thos. C. Clay, of Independence, and Miss Nellie Garrett, the daughter of Judge C. C. Garrett, of this city. Both young ladies have acknowledged the compliment paid them and have accepted the appointment.

On Friday Willie Williams, the son of Mr. G. M. Williams brought a load of watermelons to town. While trying to turn his team in front of Ed Graves' store in Camptown they became frightened and ran away, taking a course due east on the Chappell Hill road. The driver was thrown out, but was not badly hurt. The wagon came to grief across Hog branch and was badly damaged.

Save your Chickens by feeding them Jensen's Chicken Powder. Warranted.

Ex-picking is becoming general about the county.

Electric Light.

If there is any one thing that Brenham now needs worse than any other it is electric lights. Scarcely a town of 2500 population in north Texas but has its electric lights, waterworks, &c. The old oil lamps used by this city for street lighting purposes are not only a nuisance, but a disgrace to a town of the size and importance of Brenham. An electric light plant could be put in here at a nominal cost and could be made to yield a handsome profit on the capital invested, besides furnishing our people with satisfactory light at a comparatively little cost. Won't some one take an interest in the movement and try to carry it through to a successful termination? Mr. Abe Harrison is now in New York, and has promised to make inquiry relative to the cost of a plant sufficient to light up our city, and when he returns the BANNER hopes to see sufficient interest taken in the enterprise to secure the lights. They are absolutely necessary.

LOCAL politics seems to be taking a complete rest just at present. Nobody could tell who the candidates are by observing the manner in which they conduct themselves.

Chapter 1: Weak, tired, no appetite.
Chapter 2: Took Hood's Sarsaparilla.
Chapter 3: Strong, cheerful, hungry.

In a letter to the BANNER on business Chas. B. Shepard, who is at present in New York, adds in a postscript that he occasionally blows his horn on Broadway, but that the noise is so great that it cannot be heard.

EPOCH.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alternative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing, you will surely find relief by use of Electric Bitters. Sold at 50c and \$1 per bottle at R. E. A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her vital organs, were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamrick & Co. of Shelby, N. C.—Get a free trial bottle at R. E. Luhn's Drug Store.

DEAFNESS CAN'T BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

Take Care? There is Danger

In allowing inactivity of the kidneys to grow through neglect. The deadly shoals of Bright's disease and diabetes will wreck the godly bark of health if it is allowed to drift rudderless upon them. The bladder, too, if inactive, and judicious medication does not speedily direct the helm toward the port of safety, will be whelmed by the quicksand of disease. In selecting a diuretic, let your choice fall upon Hostetter's Stomach Bitters, which stimulates the renal organs without irritating and exciting them, two effects to be apprehended from the unmediated stimuli largely resorted to. These have a tendency to react prejudicially. The Bitters invigorate the kidneys and bladder, in common with the nerves and the digestive organs, and so afford lasting aid. It also affords dual assistance in preventing and curing intermittent and remittent fever. Billiousness, constipation and rheumatism it also subjugates.

THERE is more clear money in watermelons at 25 and 50 cents apiece than there is in cotton at 10 cents a pound. Diversified agriculture is what pays.
